Docket Management Room PL-401
400 Seventh St., SW
Washington, D.C. 20590

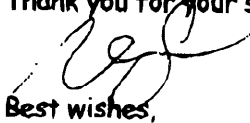

Attention: Ken Weinstein

This is a letter in support of the J.K. Technologies Petition, Docket Numbers:
NHTSA 2001-9628 and 2001-9630.

I am appalled at the liberties afforded Ferrari of North America and their quest to take over the Ferrari market in the USA. They have been given extensions without any valid reasons, have made false reports on conversion capabilities for Ferrari 2001 Models, tried to confuse the issues of safety with economic interests, and are presently trying to manipulate government agencies at the expense of the American taxpayer.

Please protect my right and the rights of those in the military to import foreign automobiles without unjust and superfluous penalties.

Thank you for your support.

Best wishes,

MARK LANGE
